PROFESSIONAL SUMMARY

Full-Stack Developer with 4+ years of professional experience building scalable web applications using React.js, Next.js, TypeScript, and ASP.NET. Proven track record in HRIS and academic SaaS product development, with hands-on experience in ASP.NET MVC, .NET Core, and database schema design. Twice recognized with the Award of Appreciation at Alpha Education Network, and passionate about building clean, performant, and maintainable UIs. Open to remote and onsite opportunities.

WORK EXPERIENCE

Software Developer | SKONZS

Oct 2025 – Present • Remote

- Developing the front-end of an academic SaaS-based multi-tenancy platform from scratch using Next.js (TypeScript/TSX), focusing on scalable and reusable component architecture.
- Contributing to database schema design and table structuring alongside active participation in product discussions.
- Ensuring clean separation of tenant data and implementing dynamic routing strategies suited for multi-tenant environments.

Mid Software Developer | Alpha Education Network — HowlTech (Pty) Ltd

Sep 2022 – Oct 2025 • Karachi, Pakistan

- Led React.js development on a new Human Resource Information System (HRIS), building dynamic and scalable user interfaces from requirement to delivery.
- Worked as a full-stack developer using ASP.NET MVC framework, contributing to both front-end and back-end layers of ERP modules.
- Received the Award of Appreciation at the annual function in 2023 and 2024 for outstanding contributions to ERP system development, system architecture, and problem-solving.
- Served as UAT tester for new features, identifying bugs and collaborating with the team to ensure quality delivery.

TECHNICAL SKILLS

Frontend: Next.js, React.js, TypeScript, JavaScript (ES6+), Vue.js, HTML5, CSS3, jQuery

Backend: ASP.NET MVC, .NET Core, Laravel, PHP, Node.js (basic)

Databases: SQL Server, PostgreSQL, MySQL, Stored Procedures

Tools & Platforms: Git, GitHub, REST APIs, Postman, Visual Studio, VS Code

Practices: Agile/Scrum, UAT Testing, Component-Driven Development, Multi-Tenancy Architecture

EDUCATION

Bachelor of Business & Information Technology (BBIT)

Virtual University of Pakistan • Apr 2024 – Present (In Progress)

Advance Diploma — Software Engineering (3 Years)

Aptech Pakistan • Nov 2019 – Aug 2022

H.S.C (Intermediate)

Shipowners College Karachi • 2017 – 2020

ACHIEVEMENTS & AWARDS

- Award of Appreciation ×2 — Alpha Education Network (2023 & 2024): Awarded at the annual function for outstanding contributions to ERP development.
- Creative Bit of the Year — Aptech Pakistan (2020): Won a 2-hour build competition by designing and building a solution from an original idea.

- Project of the Month ×2 — Aptech Pakistan: Walter Bros Inc. (Nov 2019) and SRS Electronics (2021).

PROJECTS

TextUtils (React.js) — xcyclopsx.github.io/TextUtils

- A live React.js web app for dynamic text manipulation, deployed via GitHub Pages.

SRS Electronics — github.com/XCyclopsX/SRSElectronics

- E-commerce web application built as a semester project, showcasing full-stack development capabilities. Awarded Project of the Month.
